**THE REPUBLICAN NATIONAL CON-
 VENTION.**

A National Convention of the Republican party
 will meet at Chicago, Wednesday, the 29 day
 of June next, for the nomination of candidates to
 be supported for President and Vice President at
 the next election.

Republicans, and all who will co-operate with
 them in supporting the nominee of the party, are
 invited to choose two delegates from each
 Congressional District, four at large from each
 State, two from each Territory, and two from
 the District of Columbia, to represent them in
 the Convention.

J. D. CAMERON, Chairman.
 THOMAS H. KEOGH, Secretary.

The House measures are waiting for the
 new rules.

Yellow Jack is visiting Brazil, but is be-
 having very mildly, though causing gen-
 eral consternation.

The telegraph operators in Maine are
 now getting rested, and are making up
 their lost sleep, their only interruption be-
 ing an occasional query over the wires, as
 to whether there are any tidings of the lost
 Fusionists.

Russia refuses to be bluffed by Bismarck's
 proposed increase in the army, but now says it
 will increase its army by one hundred and
 fifty thousand more. Bismarck should now see
 and call Russia, if he really means business.

Mrs. Van Cott is holding revival meet-
 ings in Philadelphia. She will get along
 well enough until she strikes the hearts of
 some of those Centennial boarding-house
 keepers, and then she will need a breaking
 plow and some blasting powder.

It is suggested that Pelton and Pillsbury
 would make a good heading for the Demo-
 cratic ticket. That would suit Pelton, for
 he has a fondness for ciphers, and there
 seems no reason why Pillsbury should ob-
 ject, if he could only have the off side in
 the team.

The new French cable is not having a
 rush of business, the old cable company
 having reduced the rate to one shilling a
 word. The new company did not transmit a
 single dispatch last Saturday, and tired of
 this monopoly, now threatens to put its
 prices low enough to make the old com-
 pany howl. Let the fight go on. The
 public can stand a few months of low
 cable rates.

Indianapolis should take the chrono for
 unique suits. One citizen sued for dam-
 ages for a broken leg, caused by the falling
 of a stand at a political meeting, another
 sued a druggist because of the death of an
 eleven year old daughter, who was given
 ipecac to bring her out of a drunken stupor;
 and a third because the defendants carried
 away her husband. Three such suits in one
 day, stagger, most courts.

Senator Davis, of West Virginia, thought
 to learn something about bookkeeping, if he
 continues his investigation of the United
 States Treasury account's many more years.
 He is continually hinting that he has
 found something crooked, but on being
 squeezed reports "progress," simply that
 and nothing more. His latest declaration is
 that he has important testimony showing
 that there is a loose way of keeping cer-
 tain accounts, but that further investiga-
 tion is necessary before evidence can be gained
 which will warrant him in making specific
 charges. If such looseness in bookkeeping
 is discernible to the naked eye, it might be
 well for him to make a sufficiently specific
 report to put a stop to it, and having ac-
 complished that much good, go on to great-
 er achievements, but he seems to prefer to
 labor and to wait, and probably there will
 be plenty of "wait." He claims, though,
 to have made the startling discovery that
 the clerks have used two kinds of ink, one
 blue and one red, and that these different
 hues contain to them valuable information,
 but are utterly unintelligible to the uninitia-
 ted. This he thinks looks bad. If he
 would only ask some striping in any
 business office, he would probably get
 the correct information that he has stumbled
 upon some check marks, balances, and
 footings. It certainly is a most serious
 charge to make against the Treasury de-
 partment, that the clerks use different col-
 ored inks.

THEY CAN'T SUPPRESS IT.
 The contested election case of Haralson
 against Shelley, of the Fourth Alabama
 District has caused quite a flurry in the
 House. A motion to have Haralson's
 memorial printed for the convenience of
 the House Elections Committee caused a
 howl of opposition from the Democrats,
 and it would have been voted down, had
 not Mr. Fry shrewdly called for the reading
 of the memorial, which would have
 necessitated its being printed in the Rec-
 ord. Forced into a corner the Democrats
 yielded and the memorial was ordered
 printed in the usual way. The Democratic
 opposition is easily explained by a glance
 at the document, which contains some
 startling claims, which are anything but
 music to Democratic ears. The returns of
 the last election, as given by
 Confederate Brigadier Shelley's tools show
 that Shelley received 8,514 votes; Haralson
 6,549, and Henry (Greenback) 312. As
 there is in the district a colored vote of
 23,000, and a registered white vote of only
 6,900, the figures upon the face of them
 bespeak fraud, and are the strongest com-
 ment upon themselves.

But further than this, which ought to be
 enough, Mr. Haralson makes more start-
 ling statements. In his attempts to take
 depositions to contest the election, officers
 refused to act because it would be an agon-
 istic to the Democratic party, which had

 Blaine second.

FROM MADISON.

Special to the Gazette.
 MADISON, Feb. 3.—In the Supreme Court
 today, the murderer Dickerson's sentence
 was confirmed, and Mrs. Mack granted a
 new trial.

SAD CALAMITY.

Special to the Gazette.
 MILWAUKEE, Feb. 3.—The County Hospi-
 tal in the town of Wauwatosa, was
 burned early this morning. It is supposed
 that over sixty inmates were in the build-
 ing at the time. Only thirty were saved.
 Two bodies have been recovered. The
 walls fell burying many. The loss is
 \$35,000.

PUBLIC DEBT.

**Secretary Sherman's Ambition to Re-
 duce the Public Debt.**

WASHINGTON, Feb. 2.—It has been Sec-
 retary Sherman's ambition to reduce the
 public debt below \$2,000,000,000 while he
 was at the head of the Treasury. To-day
 he came within \$784,000 of bringing it
 down to that point, and this month's state-
 ment will no doubt see the debt, less cash
 in the Treasury, below \$2,000,000,000.
 The January statement to-day shows a
 reduction of the debt during the
 month of over \$11,000,000—the
 largest monthly reduction since 1872.
 The revenues are increasing constantly,
 especially from customs. The internal
 revenue receipts for the last half of last
 year, the returns for which are now all in,
 increased over the six months of the pre-
 vious year more than \$3,000,000. At the
 same time, the customs receipts were
 \$1,000,000 more than for the last half
 of 1878, to \$84,000,000 during the same
 period in 1879.

PRESIDENTIAL.

**Views of the State Officers and Legis-
 lators of Wisconsin.**

MADISON, Feb. 3.—The Democratic news-
 paper here prints to-day interviews
 with 133 State officers, assistants and mem-
 bers of the Legislature, regarding their
 Presidential preferences. Of 81 Assem-
 blymen, 21 are for Blaine, 11 for Grant,
 7 for Sherman, 13 for Seymour, 3 for Gar-
 field, 3 for Bayard, 4 for Tilden, 2 for
 the nominee of the Republican Convention, 2
 for Washburne, and one each for
 Hancock, General Sherman's, Edmunds and
 Hayes. Of the Senate, 6 are for Blaine,
 5 for Grant, 1 each for Seymour, Edmunds,
 Garfield, Washburne and Thurman, and 8
 refuse to express an opinion. Of the State
 officers and assistants, 13 are for Blaine,
 8 for Grant, 3 for Sherman, 5 for Washburne,
 and 1 for Garfield. It will be seen that
 Blaine leads, with 42, Grant 27, Sherman
 10, and Seymour 19.

ALMOST A PANIC.

CINCINNATI, Feb. 2.—To-night, at the
 Grand Opera House, during the perform-
 ance of "Sonnambula," by the Mapleson
 Opera Company, a decided small and
 appearance of smoke issuing from a closet
 under the stairway near the main entrance
 came near causing a disastrous panic.
 Campanini and Marimon, with the
 chorus, were on the stage. As the
 smoke became distinctly apparent people
 in that part of the house rose en masse and
 began a hasty exit. The singers kept their
 senses and continued with the opera. Cries
 of "set down" and "hurry," aided by the en-
 ergetic action of the ushers and others,
 succeeded in staying the frightened ones.
 Meantime the smoke, which came from the
 furnace, was shut off and the opera went
 on, though a few left the house.

HIS RIVAL.

KANSAS CITY, Mo., Feb. 2.—Pat Hartly
 had been a favored suitor of Rosa Wald-
 ring. Of late Rosa has been showing at-

tentions to one John Wakenhater. Early
 this morning Pat, in a fit of jealousy, went
 to the house where Rosa and John
 were staying, broke open the door with an
 ax, and attacked the latter with the same
 weapon, inflicting three severe wounds on
 his head with the sharp edge, one of
 which will prove fatal. The murderer
 escaped, and has not yet been found.

HOSTILES AT WAR.

**A Bloody Fight Between Two Bands
 of Indians on the Yellowstone.**
 BISMARCK, D. T. Feb. 2.—A Fort Buford
 special to the Bismarck Tribune to-day
 says: On the 28th ult. a band of Uncapapa
 Indians raided a Grosventre camp near
 Glendide, captured a herd of ponies and
 crossed to the east side of the Yellowstone.
 On the 29th a war party of Grosventres
 started out to recapture the stock, and at
 11 o'clock p. m. after a ride of
 forty miles, overhauled the Uncapapa's
 camp, yelling and chanting their war song.
 They bid defiance to their enemies who
 fiercely attacked the camp. A bloody bat-
 tle ensued, fifteen being killed. The stock
 was recaptured. This morning a party of
 Grosventre braves, under Big Tail, leave
 to fight their enemies. Great excitement
 prevails along the Yellowstone, and there
 are fears of a general uprising.

APPOINTMENTS.

**Action of the Senate Committee on
 the Appointment of Census Super-
 visors.**

WASHINGTON, Feb. 2.—The Census Com-
 mittee of the Senate has reported in ex-
 ecutive session in favor of the confirmation
 of all the supervisors who have been
 named except about thirty, to whom ob-
 jection of one kind or another has been
 made, and whose are held. Nearly all of
 these are for the Southern States and the
 objections to them are chiefly political:
 Three Illinois nominations and one from
 Indiana are withheld. The entire list for
 New England, the Middle States, and the
 Northwestern States is reported favorably.

HAZLETON'S BILL.

WASHINGTON, Feb. 2.—The bill intro-
 duced in the house by Representative
 Hazleton, "to extend the provisions of an
 act for the relief of certain pensioners,"
 approved March 3, 1879, to certain other
 pensioners," extend the provisions of that
 act to all pensioners now on the pension
 roll, or who may hereafter be placed
 thereon, for the amputation of either arm
 at the shoulder joint. The act referred to
 gives pensions at the rate of \$37.50 per
 month.

FORGOTTEN.

ST. PETERSBURG, Feb. 3.—A letter to the
Globe from Sudal, in the province of Viad-
 mir, reports that an archbishop and two
 bishops of the faith, or old believers, are
 confined in the fortress there on account
 of their creed. The archbishop has been
 there twenty-six years and the bishops
 twenty-two and seventeen respectively.
 The *Globe*, in a leader on the subject, sup-
 poses they had been forgotten by the au-
 thorities.

MILL BURNED.

GREEN BAY, Feb. 2.—The grist mill be-
 longing to Eggert, at Peshtigo, was
 destroyed by fire last night. It was a
 frame building, with three runs of stone.
 Loss on the building is estimated at about
 \$6,000; considerable loss on flour, etc.

FREEMAN.

BOSTON, Feb. 3.—Freeman, the Pocasset
 fanatic, was to-day, in pursuance of Gov.
 error King's order removed to the Insane
 Asylum.

SARATOGA SPRINGS, August 20, 1879.

Messrs. MORGAN & ALLEN, 59 John St.,
 New York City:
 Gentlemen—Having noticed your advertise-
 ment in the *Daily Saratogian*, I wish to
 add to your list of testimonials my own.
 Thirteen years ago I was sick with Bright's
 Disease for eight months without receiving
 the slightest benefit from the doctors. For-
 tunately my attention was called to your
 medicine, "Composition Water," and after
 using two bottles I was entirely cured. Any
 one afflicted in like manner should not
 hesitate to use your remedy. I should be
 happy to see any one on the subject who is
 in doubt as to the truthfulness of this
 statement.

Yours truly,
 L. H. CUSHING.

Swallowing

POISON!

Sports of disgusting mucus from the
 nostrils or upon the tongue, Watery Eyes
 Sandiness, Boring in the Ears, Headache
 Creaking sensations in the Head, Intermittent
 Pains over the Eyes, Swollen Throat, Nasal
 Discharge, Scabs in the Nostrils, and Tickling in
 the Throat are

SIGNS OF CATARRH.

No other such loathsome, treacherous
 and undermining mucus markings. One-
 fifth of our children die of diseases gener-
 ated by the Catarrh of the Throat, and one-fourth
 of living men and women drag out miserable
 existences from the same cause. While asleep,
 the impurities in the nostrils are necessarily
 swallowed into the stomach, and in-
 haled into the lungs to poison every part
 of the system.

Dr. Wm. De Meyer's Catarrh Cure ab-
 sorbs the purulent virus and kills the seeds
 of poison in the farthest parts of the system.
 It will not only relieve, but certainly cure
 Catarrh at a y stroke. It is the only remedy
 in our judgment, has ever really cured a
 case of Chronic Catarrh.

Cured! Cured! Cured! Cured!

G. G. PRESIDENT, Prop. West End Hotel, Long
 Branch, Cured of 20 years Chronic Catarrh.

F. T. BROWN. Milton, Wis., Jan. 28, 1880.

W. C. Brown & Co. of Janesville, have decided to open a printing office here next week. They have rented the upper part of M. S. Burdick's shop, and are refitting the same and putting the rooms in good condition for that business. Brown and Co. are practical printers, and have a good outfit for doing job work, therefore there is no good reason why they should not achieve success. They will begin the publication of a weekly paper known as the Milton Express as soon as they get their office in running order. We trust that our citizens will accord this enterprise the liberal patronage that it deserves, and thus help to build up our village.

Next week we hope to be able to announce the programme for the Band Concert. It will be a grand one, and "don't you forget to remember not to forget it." How eggs are quite plenty in this market at a shilling to fourteen cents per dozen, and ham cures are doing the admirable business.

BRIEFLETS.

No arrests last night.
The revival meetings are still booming.
The fathers planted another lamp-post last night.
Mrs. Fogarty's trial will commence at Elkhorn in two weeks.
Hon. J. B. Cassaday went to Madison yesterday to lecture before the law students.
Rev. Mr. Uplike, of Delavan, will preach at the Court Street church to-night.
The African church fund has received an addition of \$6.96 from the All Souls church.
Forbes' Dramatic Company has engaged the Opera house for the 27th and 28th of February.
St. Patrick's Temperance Band are to give a dance next Monday evening. Their parties are always largely attended and enjoyable.
The boom for Ireland is getting nearer home. Next Friday evening there is to be a mass meeting at Stoughton, and the hat will be passed around.
Chicago has a couple of females who wrestle Greco-Roman fashion. Such a show would draw well in almost any city where there are a goodly number of bald-headed men.
To-morrow evening Prof. Severance will commence his second term in dancing at Apollo hall. A cordial invitation is extended to all who wish to learn the art of dancing in all its latest styles.
Rev. Mr. Jones had one of the largest audiences in Prairie du Chien at his lecture given there, than he has received at any other town in the State. Next Friday evening he lectures at Racine.
Mrs. M. C. Adams, and Mrs. Emily F. Evans, of Chicago, arrived this afternoon, and are the guests of Mrs. E. B. McKee. Their stay here is to be given in Cannon's hall, to-night, and there should be a crowded house.
Go to Young America hall next Monday night if you want to enjoy a good dance before Lent. Smith & Tuckwood's full band will furnish the music. J. W. Hogan and John Brown will take charge of the floor. Tickets one dollar. Supper extra.
Some kind friend of the Bower City Band sent to each of the members last evening a beautiful button-hole bouquet, which was a delicate expression of the kindly feeling which all feel toward that organization. The band seemed to be duly grateful for the floral tokens.
The news comes from Milton of the death of Samuel Haven, at that place Mr. Haven has been in ill health for some time, and the sad event was not wholly unexpected by his friends, of whom he had many here as well as in Milton, as he does business in this city for some time.
At the meeting of the Mutual Improvement Club last evening wit and humor was discussed, and the Shakespearean work also cared for, the topic in the latter field being "Hamlet." Among those who took part were Miss Ida Harris, Miss Lizzie Allen, C. W. Baker, Miss Hatherall, and Mrs. Jones.
In another column will be found an important announcement by McClernan & Co., the well known dry goods men. Owing to the impaired health of Mr. McClernan he has decided to retire from business and the firm will therefore sell out at cost. This gives a chance for those desiring by bargains in dry goods.
George Strout, who has for years been in the employ of the Milwaukee & St. Paul railroad company, in the office here, has secured a position in the railroad office in Kansas City, Mo., and will go thither at once. He has not only been most faithful in business, but has won many friends, who will regret deeply that business calls him away from Janesville, but their best wishes will go with him and his.
J. B. Minor has purchased the grocery business of E. W. Cline, and will continue it in the old place in the Grand hotel. The stock is fresh, choice, and varied enough to suit the tastes of any and all, and Mr. Minor will doubtless have the full share of patronage which he merits. Mr. Cline is arranging his business here with a view of going West at an early date. The grocery store has fallen into good hands, and the old customers can be assured that they will be well cared for.
Wingate has built up a very nice trade in a very short time, and his dry goods store is one of the busiest places in the city. He doesn't make a great deal of noise about it, but he certainly is meeting with marked success. He doesn't hide his light under a bushel though, as will be seen by his card published in another column, in which he calls the attention of the ladies to some things in his stock, which he wants to sell, and which they will want to buy, when they fix their eyes on them and learn the prices.

RATHER COMFORTABLE.

Mr. Robbins passed an easy night, and to-day seems more comfortable, there being less fever than yesterday afternoon, and the other features of the case being better.

THE WEATHER.

REPORTED BY PRENTISS & EVERSON, DRUGGISTS.
The thermometer at 6 o'clock last night stood at 29 degrees above zero; at 1 o'clock a. m. to-day at 21 degrees above; at 7 o'clock a. m. at 17 degrees above; and at 1 o'clock p. m. at 19 degrees above zero. Slight fall of snow.

The indications to-day are, northeast to northwest winds, threatening weather and snow, with falling barometer in the eastern portion, colder, clearer weather and rising barometer during the night.

Montreal Heard From.

R. L. Mosely, of Montreal, Canada, certified Sept. 27, 1870, that he had suffered terribly from dyspepsia, and was completely cured by taking Warner's Safe Bitters. He says: "My appetite is good, and I now suffer no inconvenience from eating hearty meals." These Bitters are also a specific for all skin diseases.

ANOTHER CHANCE.

Mrs. Mack Granted a New Trial, But no Such News for Dickerson.

How the Trials were Received by the Prisoner and by the Public.

The news came flashing over the wires from Madison this morning that the Supreme Court had granted Mrs. Mack a new trial, and had refused to grant a new trial to Frank Dickerson. The news went up and down the streets with winged feet, and has called forth all sorts of comments and all sorts of guesses as to what the final result will be in Mrs. Mack's case. As for Dickerson he is settled for life, and his threat to commit suicide has no provision now to keep him from executing it. Unless he unexpectedly gives some such climax to his case, the public will soon lose all interest in him. The chief interest is now centered in Mrs. Mack's case and the prospects of the new trial. Whether she will be tried here or not is a question to be yet determined, and as to what the verdict will be, that is equally a matter of conjecture.

Attorneys Winans and Fethers have made an able and brave fight for their client, and in spite of public opinion, and the opposition of able counsel on the part of the State, have clung to the case with a plucky grip, which bespeaks highly of their loyalty to a client, and their knowledge of the law, and even those who earnestly desire to see Mrs. Mack put behind the bars forever, cannot but admire the skill and tenacity with which her attorneys have clung to her cause, in the face of so many discouragements and so little sympathy.

Mrs. Mack was informed this forenoon of the decision, by which she is to be granted one more chance. As Mr. Fethers and Mr. McElroy entered her cell a look of expectancy shone from her face, yet coupled with a rigidity of countenance which bespoke her preparation to hear even that her last hope was crushed. The suspense was short, Mr. Fethers informing her of the decision as quickly as possible. She gave no vent to the feeling of gladness which must have been hers, there were no tears of joy, or emotional exclamations, but calm and collected, she merely smiled, and taking a seat on the edge of the bed, clasped her hands, swayed gently backward and forward in silent thought, until her visitors opened the conversation, which was of no public interest or concern. She had been inspired with some of the confidence which was felt by her attorneys, but had evidently not based her hope too strongly, and endeavored to prepare herself for complete control in case the worst news came to her.

To the public generally the news will be a great disappointment. Although the Gazette predicted some time ago that the result would be as above, yet many clung to the hope that both Mrs. Mack and Dickerson would be locked up for life, and that their cases would be forever disposed of. There is little sympathy felt for either of them, and many will feel highly indignant at the prospect of another long and expensive trial for Mrs. Mack, and few indeed will be those who will congratulate her on the news.

For the benefit of all sufferers, be good enough to bring the wonderful effect of St. Jacobs Oil before the public. For twelve long years my wife suffered with Neuralgia in the head, and often had the most terrible pains. A few weeks ago I bought a bottle of that wonderful remedy—St. Jacobs Oil—and am perfectly astonished at its marvelous effect; half a bottle thoroughly cured my wife. I gladly would have paid any physician fifty dollars if he could have done the same; therefore I wish that everybody may learn to value this true medicine.

THE BAND CONCERT.

One of the Finest Musical Entertainments Ever Given in Janesville.

The Bower City Band's annual concert, last evening, drew to the Congregational church a large audience, made up of the cultured and music-lovers of the city, and the entertainment was one which was most worthily and heartily endorsed by the frequent applause of the delighted listeners. The Band appeared with D. D. Bennett as director, who is acknowledged to be one of the best leaders in the West, and the following members: Frank Gray, E. clarinet; A. Geise, 1st b. clarinet; Walter Helms, 2d b. clarinet; St. Kent, solo b. cornet; George Horn, 2d b. cornet; John M. Smith, E. cornet; John Kneff, solo alto; H. Buchholz, first alto; Louis Anderson, second alto; M. V. Loudon, first tenor; Adam Sanner, second tenor; Fenner Kimball, solo euphonium, William Pitchin, 1st b. base; Jo Wright, 2d b. base; James Loudon, tuba; E. Reed, snare drum; Will Kent, bass drum and cymbals.

That portion of the programme which was executed by the Band cannot be too highly praised, and each number called forth enthusiastic applause. Many differences of opinion exist as to which was the best number, the favoritism being divided between the overture of the "Italian in Algiers," by Rossini, Suppe's "Poet and Peasant," and Strauss' "Blue Danube Waltzes." The difference in the character of the music, the like differences in the mood and taste of the hearers, and the marked excellence with which all the pieces were rendered, easily account for the division in awarding the praise. The Band rendered also a selection from Mar- stani as arranged by Claus, the same as they gave at the last annual concert, and yet it seemed not the same, for although it was grandly given then, there was evident last evening such a marked improvement as to indicate clearly the result of the year's work. The same was observed in the rendition of "Poet and Peasant," which was also given at the last concert. It was well for the Band to reproduce these two numbers, as they were highly enjoyable, and will bear many hearings, and they moreover served as a gauge by which the public could note the evident improvement in the Band. The Band's opening number was a lively march by Keiser, "On the Ohio," and their closing was McJoshi's fantasia introducing a number of "Gospel Hymns." The first proved a stirring and fitting introductory, and the latter touched the popular heart with peculiar happiness. The Band last evening demonstrated their ability to handle the highest class of music, without torturing either it or the ears of the audience. The music was inspiring, and so rendered. Each annual concert brings a better and higher class of selections, and a truer and purer rendering, and last night seemed the crowning.

Mr. S. Kent gave a cornet solo from the Carnival of Venice. Although laboring from physical weakness resulting from his sickness, he never sent forth sweeter or clearer notes, and at the close he was heartily encored, but had to decline responding. He fully merited the applause given him, for the solo was one of the best ever heard here.

The vocal portion of the programme was fully in keeping. Mrs. J. W. St. John in her solo "To a Spring Flower" won the greatest triumph, which ever crowned her in this city. She was in excellent voice, and during the latter part of her song, she held her audience entranced, so that at its close, there was a breathless silence, which bespoke even greater praise than the enthusiastic applause, which a moment later rang through the house. The encore was no less heartily, and to it she responded by "The Last Rose of Summer."

Mrs. H. A. Smith, whom all gladly hear sing, gave Beethoven's "My Queen," rendering it in such a manner as to cause the most enthusiastic expression of appreciation on the part of the audience. There is a sweetness and range in her voice, which causes her to be ever a favorite, and last evening she fully sustained her reputation. An encore was freely given her, and to it she responded with a charming ballad, "Jamie Dear."

Mr. Ben Grove, of Chicago, whose musical career has been watched with so much interest by his many Janesville friends, did grandly. He rendered a recitative "Thus saith the Lord," and an aria "But who may abide in the day of His coming," from the Messiah. His voice showed clearly that time and labor has been put upon it, and its rich, full tones thrilled all, and called forth hearty applause, and an encore to which he responded with "My Little Woman." His song "Rest in the Shadow of the Rock," was no less grandly rendered, and earned the encore to which he responded with one verse of "By the Blue Sea." Mr. Grove has surely a remarkable voice, and that the day is not far distant when he will be acknowledged as the best bass soloist in Chicago. It is a treat to hear him sing, and it is evident that he has not yet reached the height of his power, but is surely climbing up.

Prof. Ticebom served as accompanist, and none are better. There was nothing to mar the evening, and the programme was crowded to overflowing with features worthy of still further praise. It was a grand success in all respects, and our citizens can well feel proud of such a Band and of such vocalists.

MORE FROM MADISON.

Some Important Items Gathered from the Supreme Court's Dockets. In the Supreme Court at Madison this morning, several cases were decided which prove of local interest to Janesville. One of these cases was that of Smith vs. Ford, in which the Supreme Court denied the motion for a rehearing. This put a final end to this important case.

Another case which was settled this morning in a like manner was that of O'vs. vs. the Town of Janesville, in which a rehearing was denied.

In the Wilcox-Bates case the Court appointed as referee, J. B. Cassaday. J. B. Doe, Jr., E. M. Hyzer, E. H. Hudson,

and Perry Niskern, all of this city, were admitted to practice in the Supreme Court. These young men are all well-known here, and they are such as do credit to the bar of the county, and are all worthy of the privilege thus conferred upon them.

THE CITY GASOMETER.

The Gas Lamp-Post Question Occupies the Board—The Chief Engineer Explains the Consumption of Gas in the Engine Houses—Other Business.

The City Council held their regular semi-monthly meeting in the City Hall, last evening, at which His Honor, Mayor Cobb, presided, all the Aldermen being present except Croft and Fitzgibbon.

The Journal of the last meeting was read and approved. Sundry accounts were read and referred to appropriate committees.

The January report of the Board of Education was presented and referred to the School Committee.

The January report of the Police Justice was presented and referred to the Judiciary Committee.

Chief Engineer Cunningham, of the Fire Department, in answer to instructions for an explanation in relation to the consumption of gas in the Engine houses, made the following report, which was referred to the Gas Committee:

To His Honor the Mayor and Common Council: In answer to the inquiry of so much gas being consumed in No. 1 Engine House for the last quarter, my reasons are as follows: First, the house is large and is occupied by two companies, who have several meetings concerning fire matters for the last quarter. The Board of Registry met there, and the Board of Trustees held their meetings there. The Engine House is the fireman's meeting place, and I hope the Council won't ask them to sit in the dark. In 1875 the gas bill for October, November and December was \$25.37. In 1879 for the same three months the bill is only \$16.91.

Wm. Cunningham, Chief Engineer.

Ald. Church, from the Highway, Street and Bridge Committee, presented a written report in answer to the complaint of W. B. Mosher, relating to the condition of Franklin street in the First ward. The report was placed on file.

Ald. Vankirk, from the Finance Committee, reported back the January report of the City Treasurer as correct. Placed on file.

Ald. Cox, from the School Committee, reported as correct the January report of the Board of Education. Ordered published.

Ald. Davies, from the License Committee, moved that the license of Ben George be transferred from its present location to the building formerly occupied by the late Mrs. McDermott, he wishing to move his business to that place. Adopted.

Ald. Davies, from the Judiciary Committee, reported back the January report of the Police Justice as correct. Filed.

Ald. Vankirk, from the Finance Committee, reported in favor of allowing sundry accounts, which were concurred in.

Ald. Vankirk, from the select committee to whom was referred the matter of accepting the deed of a lot in the Third ward given by Hon. John P. Dickson, for street purposes, reported in favor of accepting the same, which was approved and the street ordered opened.

The fun of the evening commenced at this point. Ald. Church introduced an order for the erection of a gas lamp post on the Northwest corner of Milwaukee and Division streets. The Mayor promptly ruled this motion "out of order" on the ground that the same question was now in the hands of the Gas Committee. Four of the five members of the Committee being present, (the Chairman, Ald. Fitzgibbon, being the absentee), considerable log-rolling was indulged in to make a favorable report, the Mayor jocosely remarking that they would allow the committee fifteen minutes to bring the members to time, but that committee stood an immovable tie. When the friends of the post gave up all hope of receiving a favorable report, Ald. Church moved that as the committee were unable to agree that the resolution be taken up, and adopted.

Ald. Davies moved to postpone for two weeks—lost. Ayes 3, noes 5. The original motion was then adopted—Ayes 5, noes 3—Davies, Joyce and Robinson. Adjourned.
